

Project Demo Planning

Date 29 September 2026

Team ID SWTID-2026-2056

Project Name Incident Client Scripts & UI Policies

Maximum Marks 1 Mark

Project Demo Planning:

A well-structured demo plan ensures that the team presents the Incident Client Scripts & UI Policies project effectively, covering the key requirements and features in a clear and organized manner. This document outlines the plan for demonstrating the project, including the demo flow, key features to highlight, and responsibilities of each team member.

S.No	Demo Section	Description	Duration (mins)	Responsible Member
1	Introduction & Problem Statement	Introduce the Incident form problem and explain the need for Client Scripts and UI Policies.	2	Team Member 1
2	Solution Overview	Explain how Client Scripts and UI Policies improve field behavior and data entry on the Incident form.	3	Team Member 2
3	UI Policy Demonstration	Demonstrate the High Impact Control UI Policy and show how Assignment group becomes mandatory when Impact is 1 – High.	4	Team Member 3
4	Client Script Demonstration	Demonstrate the configured Client Script and explain its client-side behavior on the Incident form.	4	Team Member 4
5	Testing & Results	Show test scenarios and verify that the configured field behavior works as expected.	3	Team Member 1
6	Conclusion & Q&A	Summarize the implemented	4	Team Member 2

		features and answer questions from the evaluator.
